

## Community Health Equity & Promotion (CHEP) Branch Updates

HIV Community Planning Council Meeting on June, 23 2025

### Celebrating Community and Wellbeing

---

#### San Francisco Pride

- The 55th Annual Pride Celebration and Parade will take place June 28–29, 2025, under the powerful theme “Queer Joy is Resistance.”
  - The Department of Public Health will join fellow City departments in marching down Market Street on June 29 to celebrate our LGBTQIA+ colleagues, friends, and family.

### Program Highlights

---

**Sunday Streets** is San Francisco’s open streets program that turns miles of city roads into car-free spaces for play, connection, and community building. Visit [sundaystreetsf.com](https://sundaystreetsf.com) to learn more and find the Sunday Street schedule.

- CHEP is inviting Health Access Points (HAPs) to participate in upcoming Sunday Streets events by offering accessible STI testing and HAP resources as part of a free, community-centered effort to promote health equity and engagement.

SFDPH’s **Harm Reduction Training Institute (HRTI)** continues to support staff working with people who use drugs by promoting harm reduction principles and reducing stigma.

- The trainings have reached full capacity for the remainder of the fiscal year, but you can visit the page for more information and future dates (TBA): [sf.gov/information--harm-reduction-training-institute-hrti](https://sf.gov/information--harm-reduction-training-institute-hrti).
