      - Ali Cone noted The Council keeps track of that.
  - HIV+ Unaffiliated Consumer of Services
  - Service Provider
    - Mark Molnar gave examples of persons with conflict of interest.

- Kim Fowler asked about the issue and the role of the Co-Chairs.
  - Jack Bowman noted that it was a mandate.
  - Mark Molnar noted that there is a little bit of ambiguity around being a Co-Chair of Full Council or Committee.

  - T.J. Lee noted that the workgroup needs to figure out if the government Co-Chair is voted on or appointed.

- Mark Molnar spoke about the make-up of The Council. There will be a CHEP and an HHS representative. The Council could ideally choose between each representative.
  - Dean Goodwin- noted that it's a complex issues, as some people have different tasks, or people might leave the job, etc. It needs to be explored further.
- T.J. Lee noted that The Council should have some say with The Co-Chair, in case there is a problem with the rep.
  - Eileen Loughran- there is a grievance procedure.
  - Jose-Luis Guzman suggested the possibility of government reps sharing a vote and a seat.
- David Gonzalez- suggested the possibility of four Co-Chairs in order to maintain checks and balances.
- Jack Bowman- most of our membership is prevention providers, and less unaffiliated consumers. I wonder if we can create an unaffiliated consumer of prevention services term and have that be a requirement for The Co-Chairs as well.

- o The workgroup spoke about the designation of unaffiliated consumer for prevention.

- The workgroup spoke about a consumer of prevention services possibly being positive.
- Mark Molnar- suggested taking a step back from unaffiliated, as it might penalize a positive person from working in services.

Ken Pearce moved to have four Council Co-Chairs: one government co-chair seat and three co-chairs seats that include the following communities or attributes: people of color, women, HIV positive consumers, a consumer of prevention services, and an individual who is unaffiliated.

  - Co-Chair Lopez inquired about meeting the requirements.
    - Mark Molnar noted that if it isn't being met, it's our own bylaws and wouldn't be enforced by HRSA and CDC.
